

Do You Believe In Magic

The Lovin Spoonful

Intro [Gm][Am][Bb][Am][Gm][Am][Bb][C][C]

Do you believe in [F] magic in a [Bb] young girl's heart
How the [F] music can free her, [Bb] whenever it starts
And it's [F] magic, if the [Bb] music is groovy
It [F] makes you feel happy like an [Bb] old-time movie

I'll [Gm] tell you about the [Am] magic, and it'll [Bb] free your [Am] soul
But it's [C] like trying to tell a stranger 'bout rock and roll

If you believe in [F] magic don't [Bb] bother to choose
If it's [F] jug band music or [Bb] rhythm and blues
Just [F] go and listen it'll [Bb] start with a smile
It [F] won't wipe off your face no matter [Bb] how hard you try

Your [Gm] feet start [Am] tapping and you [Bb] can't seem to [Am] find
How you [C] got there, so just blow your mind

If you believe in [F] magic, come [Bb] along with me
We'll [F] dance until morning 'til there's [Bb] just you and me
And [F] maybe, if the [Bb] music is right
I'll [F] meet you tomorrow, sort of [Bb] late at night

And [Gm] we'll go [Am] dancing baby, [Bb] then you'll [Am] see
How the [C] magic's in the music and the music's in me yeah

Do you believe in [F] magic
Yeah [Bb] believe in the [Am] magic of a [Bb] young girl's [Am] soul
[Bb] Believe in the [Am] magic of [Bb] rock and [Am] roll
[Bb] Believe in the [Am] magic that can [Bb] set you [Am] free
Ohh, talking 'bout [C] magic

Do [F] you [Gm] believe [Am] like I [Gm] believe X 5

Finish with one strum of [F]
